Even Germaine Greer would agree (although we haven't actually asked her) that every wife needs a good set of culinary skills to keep her husband happy. Even if your hen is already a Dashing Delia or a Nifty Nigella with the kitchen implements, she will love this fun-filled, girly cookery session which will teach you the basics (and the advanced techniques) of canapé making and cupcake decorating.

You'll be presented with a glass of Prosecco on arrival to get everyone into Floyd-mode (that's Keith, not Pink), whereupon the lovely chef will get you started on your way to becoming the hostesses with the mostess! At the end of the session, the mouth-watering fruits of your labour will be packaged up to take home and serve before continuing your evening!
